FAMILY FINANCE

Home life is happier for every one when worry is eliminated.

The Family Budget, developed through the cooperation of the whole family, eliminates unprofitable expenditures, increases savings, and banishes worry.

The protection of the family, the education of the children, assured independence for old age, can all be made possible through the Family Budget.

Those responsible for Family welfare have always had these things at heart, but today are studying them with a deeper interest than ever, and the budget idea is getting recognition.

Make a trial of the JOHN HANCOCK FAMILY BUDGET AND ACCOUNT SHEET, which you may have for the asking, also additional sheets, as needed.

A month's trial will help you. A few months' trial will convince you that the Budget helps you to make the most of your income.

MANUALS OF LIABILITY, WORKMEN'S COMPENSATION AND AUTOMOBILE INSURANCE

MANUAL OF COMPENSATION AND LIABILITY INSURANCE—RULES AND RATES
The Basic Manual. Hitherto, in preparing manuals of rates for workmen's compensation and liability insurance the compilers have confined their labors to individual States. The rates given therein are the basis for all classifications, while Differential Slips containing the multiplier to be used in arriving at the manual rate for particular States will be supplied as desired.

MANUAL OF LIABILITY INSURANCE
Rules and Rates. Being basic rates for liability insurance in States having no compensation laws. Loose leaf form. Differential slips supplied as desired.

AUTOMOBILE MANUAL
Companies and Agents can also be supplied with the Manual dealing with Automobile Liability Insurance, as follows: List of Automobiles. Rules for Writing Liability Property Damage and Collision Insurance, Differential Rate Sheets. These Manuals are official and can be supplied in quantities to suit. Write for prices and further particulars.

COMBINATION AUTOMOBILE INSURANCE MANUAL
Contains Rules and Rates Covering Public Liability, Property, Damage Collision, Fire and Theft. Also list prices and serial numbers of automobiles from 1914 to date. Territorial definitions by State, County, City and Town comprising the whole nation. Prices, Home Office Edition, $4.60; Field Edition, $4.00.
